Dear Sirs,

I am writing this letter requesting an Advisory Opinion on whether it is permissible for me to conduct real estate appraisal services for O. R. Colan Associates, LLC (Consultant) or any other Consultants that may be selected for the Franklin Parish Police Jury / Franklin Parish -Turkey Creek Drainage Project. I will be contracted by the Consultant to provide real estate appraisal services to value real property easement right of ways to be acquired in association with the Turkey Creek Drainage Project in conformance with the Disaster Recovery Unit's Program requirements: 21 PARA 3402. I will be under direct supervision of the Consultant Company.

I am requesting this Advisory Opinion in order to prevent any interpretation of a potential conflict of interest in my performing real estate appraisals for the Consultant, or any other consultant that may be chosen for the Project, since my brother, William H. Robinson, is District 6 Police Jurymen. The appraisal services that will be required by this Project will not involve any property owned by either of us.

As previously stated, I will be contracting directly with the Consultant. Therefore, there would be no contractual relationship with the Franklin Parish Police Jury.

I sincerely ask for an Advisory Opinion on this consultant contract issue. Should you have any questions, please give me a call.

Gary D. Robinson
